China Reds Free Two U.S. Priests

Release Raises Hopes Peiping Will
Soon Give Up Additional Prisoners

Hong Kong, June 15 (AP)—Peiping Radio announced tonight two Roman Catholic missionaries from California, Father John William Clifford and Thomas Leonard Phillips, were released today, after three years in prison.

The broadcast heard here said: "TWO AMERICAN offenders, John William Clifford and Thomas Leonard Phillips, who completed their prison terms on June 15, were released today by the authorities."

The release of the two American priests had been expected all day. U. S. consular officials waited at the China border at Hong Kong for the expected arrival but the last train from China rolled in with neither of the two men on board.

A U. S. CONSULAR official said it might be several days

or even a week before they reach this British colony.

The two Roman Catholic priests will be the first American prisoners freed by the Reds in six months. Word of their impending release raised hopes that the Reds soon would free 11 other imprisoned Americans in a move to pump new life into the long-deadlocked U. S.-Chinese negotiations at Geneva.

The reports that Father Clifford and Father Phillips are being freed came from the British diplomatic mission in Peiping and through the British Red Cross. Peiping Radio made no mention of them.

U. S., BRITISH and Roman Catholic Church officials maintained a fruitless, day-long vigil at the border to receive them.

The Reds last Jan. 6 refused to free the last 13 Americans known to be in Chinese jails despite an agreement last Sept. 10 to release all Americans. Peiping Radio broadcast a government statement in January saying Communist China would permit no interference in the way the Red regime dealt with the Americans.

The last Americans to leave Red Chinese prisons were Dr. and Mrs. Homer Bradshaw, Presbyterian missionaries who were freed last Dec. 20.

Area Fruit Loss Is 50 Per Cent, Farm Agent Says

Damage to Ulster county fruit which was at first believed to be superficial following the heavy frost on May 16, has developed into a severe loss, especially to apples, pears and cherries.

A spot check made following the cold weather in May indicated a loss in many localities but the extent of the damage could not be determined until the fruit had set. At the time serious damage was reported in the New Paltz, Modena and Clintonville fruit belt where trees were in blossom but the full extent of the sub-freezing nights was not determined until the fruit began to set.

TEMPERATURES as low as 25 degrees were registered at that time in southern Ulster.

Today William H. Palmer, Ulster County Agricultural Agent, said later checks made after the fruit had begun to set had indicated a 50 per cent crop loss in the county, the damage being largely in the apple, pear and cherry crops which had been hard hit.

Due to the cool weather in May many farmers delayed planting vegetables and other farm crops and consequently many crops will be late in maturing.

DAMAGE TO fruit crops varied according to locality, in some areas where the frost was heavy damage was very severe while in other protected areas the damage was much lighter. This difference in locality made it difficult to at first determine the damage but since the fruit forming period has arrived it is possible now to determine the full extent of damage. It is now estimated the damage to apples, pears and cherries will now approximate 50 per cent of the crop, Palmer said.

Two Metropolitan Opera Stars to Sing At IBM Plant Dedication Here June 30

International Business Machines Corporation announced today that Rise Stevens and Leonard Warren, world-famous Metropolitan Opera stars, will entertain at ceremonies marking the dedication of the IBM Kingston Plant on Saturday, June 30. Residents of the Kingston area are invited to the dedication program which is scheduled to begin at 1 p. m.

Miss Stevens is generally acclaimed as the glamorous star of six fields—opera, concerts, motion pictures, radio, television and records.

Born in New York city, she began singing at the age of 10. After her vocal potentialities were discovered in school, Miss Stevens won a scholarship to the Juilliard School of Music and studied with Madame Schoen-Rene.

Continuing her studies abroad, Miss Stevens was coached by Madame Gutheil-Schoder, one of the foremost singing actresses in Europe, and Dr. Richard Strauss, a famous composer.

Miss Stevens made her debut in Prague, Czechoslovakia, and has since appeared with most of the world's leading opera companies, including the Metropolitan Opera, the San Francisco Opera, the Paris Grand Opera, the Vienna State Opera, Teatro Colón, Glyndebourne Music Festival, the opera companies of Zurich, Cairo and many others.

RISE STEVENS

LEONARD WARREN

Stevens has starred in such movies as the Academy Award-winning "Going My Way," "The Chocolate Soldier," and "Carnegie Hall."

On records, she is generally accredited with being the best selling recording artist in the classical field.

The IBM Kingston dedication will feature Miss Stevens, the Metropolitan Opera's famous baritone. For 10 seasons he has dominated the Met's baritone roster.

He, too, was born in New York city and attended public schools there. For a year he studied business at Columbia University high school, planning to make a career in his father's fur brokerage house.

As a hobby, Mr. Warren began studying music at the Greenwich House Music School. Eventually he was accepted by

the Radio City Music Hall Glee Club, and then in 1938 he won the Metropolitan Opera Auditions of the Air.

After intensive study in Italy, Mr. Warren made his Met debut in 1939. Within four seasons he had established himself as the Metropolitan's ranking baritone. He has since been acclaimed as "the world's finest dramatic baritone."

Mr. Warren also has appeared with the San Francisco Opera, the Chicago Opera, the Cincinnati Summer Opera and the La Scala Opera in Milan, Italy, and has sung concerts extensively throughout North and South America.

He is a frequent performer on such major radio and television programs as the "Telephone Hour," "Voice of Firestone," and "Toasts of the Town." His long list of recordings include a wide variety of music.

7 Jurors Seated For Murder Trial

Newburgh, N. Y., June 15 (AP)—Seven jurors have been seated for the trial of George Ruocco and Joseph Marsala on murder charges, and a panel of 100 more takersmen is to report Monday.

Two men and two women seated yesterday before court recessed until Monday. The three jurors previously seated are men. Ruocco and Marsala, 25-year-old New York city residents, are accused of shooting Al Frias, former Fall River, Mass., boxer, and robbing him of \$6,000. His body was found beside a highway at Southfield, N. Y., April 22, 1955.

Speaker at Flag Program Asks for Real Patriotism

"Sincere, sacrificial patriotism is needed today as sorely as it was needed in the days when the Republic was in the making," said Attorney Joseph T. Russell of Poughkeepsie, principal speaker at last night's Flag Day program held by Kingston Lodge 550, BPO Elks at Academy Green.

The guest orator, district deputy grand exalted ruler of the fraternity, called for a strong fight against communism to preserve the free world in his address that was heard by approximately 250 people.

THERE WAS a welcome by Mayor Frederick H. Stang, Flag Day ritual by officers of the Kingston Elks, history of the American Flag by John L. Sharot, esteemed leading knight; remarks by Exalted Ruler Frank H. Simpson, benediction by the Rev. Robert T. Shellenberger, chaplain of Kingston Lodge, and band selections by an ensemble from Local 215, American Federation of Musicians through the courtesy of the Music Performance Trust Fund.

Attorney Russell, a past exalted ruler of Poughkeepsie, said "No flag in all history is so rich in tradition, so hallowed with ideals, as our Flag. Its ideals are those of the greatest nation on earth. The preservation of these ideals is the preservation of our national strength."

"LET US therefore seek in the rich fields of our historic past, in the hardships and suffering of our forefathers, in the faith of those who died that our country might live, in the courage of the pioneers who conquered the wilderness and made the desert to 'blossom as the rose,' and find incentive for the conservation and cultivation of that righteous moral force, born into the American people with the spirit of 1776, that spirit which breathes liberty, tolerance and the equality of all men before the law."

"Sincere, sacrificial patriotism is needed today as sorely as it was needed in the days when the Republic was in the making. The ideals of liberty and democracy which were in the hearts and minds of the men who penned the Declaration of Independence, and framed the Constitution must be safeguarded and preserved, not only from the imported doctrines of communism but also from the native-born doctrines of communism."

Doubts Senate Will Pass \$615-Million Aid Boost

No Hints Given On Ike Running

Washington, June 15 (AP)—President Eisenhower—reported making his best progress yet at the end of a week's hospitalization—today handled "quite a bit" of White House business including the signing of 21 documents.

This new activity was announced at the army's Walter Reed Hospital late this morning.

AT THE SAME TIME, James C. Hagerty, White House press secretary, said flatly that Eisenhower has given no member of his staff any hint regarding his political future—specifically whether he intends to stay in the presidential race despite his new illness.

"I know he has not discussed it (the political situation) with his staff," Hagerty told a news conference.

As for a columnist's report that Eisenhower intends to announce his political plans before leaving the hospital, Hagerty said: "I have heard of no political discussion with the President."

"If YOU PEOPLE think I'm going to comment on what every columnist says, you're nuts."

Asked to say independently of the columnist's report whether Eisenhower has discussed politics since entering the hospital a week ago today, Hagerty replied: "I have heard of no political discussion with the President."

"Apparently the columnist (Stewart Alsop) has a better crystal ball than I have."

Hagerty's report on Eisenhower's activities followed up a medical report this morning which Hagerty pronounced "by all means" the most optimistic issue since Eisenhower underwent (Continued on Page 9, Col. 4)

Kingston 101 Is Hottest in All State Thursday

Kingston, by best available records, was the hot spot in the state yesterday.

A high temperature of 101 degrees at 5:30 p. m., was a record for the date in the 22 years of weather-mindedness in the city engineer's office, and an Albany report today showed no other city from New York to Buffalo topping it.

The city's high of 97 Wednesday was also top for the date, and like yesterday the high came late—at 6 p. m.

Kingston had another June high of 101 on the first day of the month in 1937, but nothing equaled yesterday's record for the date.

Highest temperature reported elsewhere was a 99 at LaGuardia Airport, New York, the Associated Press said. Stewart Field, Newburgh and Elmira each reported 97, while New York city hit 96.1, and Buffalo reached only a comparatively cool 85.

Today acted as though it would remain in character with the mercury at 84 at 10 a. m., but it appeared to be a bit cooler than yesterday as noon approached. The forecast, at least, was muggy weather, but not quite so warm.

A hint of yesterday's record weather came when the mercury hit 98 at 2 p. m. It reached 100 at 3 p. m., and climbed for the record within the next three hours.

Plane Crash Probe Awaits Recovery of Frank Jung

Determination of the cause of a two-seater plane crash at Kingston Airport Wednesday afternoon in which a Kingston man was killed and a Hicksville, L. I. man was critically injured was pending today until authorities can talk with the injured man.

Kenneth O. Pratt, 40, of 14 Smith avenue, was pronounced dead on arrival at Kingston Hospital after the crash and Frank Jung, 26, remained in critical condition today at Albany Hospital.

Funeral services for Mr. Pratt will be held from the late residence, 14 Smith avenue, Saturday at 2 p. m. The Rev. Fred H. Deming, pastor of the East Kingston Methodist Church, will officiate. Friends may call at the residence at any time.

Kingston state police said representatives of the Civil Aeronautics Authority had made a preliminary investigation Wednesday but the cause could not be determined until Mr. Jung was able to give an account of the crash.

Mr. Jung, reported to have suffered a fracture of the skull and multiple facial fractures, was treated at Kingston Hospital and transferred to Albany. A spokesman at Albany Hospital said today he was still on the critical list.

Witnesses reported that the Piper Cub, owned by Mr. Jung, crashed shortly after takeoff from an altitude of 250 feet. The engine was heard to sputter and the pilot banked to the left apparently in an attempt to return to the field. The plane nosed over and came straight down.

Mr. Pratt, an employee of the Atlantic and Pacific store on North Front street, was licensed pilot and had been flying for four or five years, according to authorities.

The Wednesday flight, however, was believed to be the first he had made in several months. State police reported Mr. Pratt was in the front seat of the plane at the time of the crash. It was reported that the plane was equipped with dual controls for instructor flights.

Kingston Will Participate In St. Ursula Anniversary

Many residents of Kingston and surrounding area will attend a Solemn Pontifical Mass Saturday at 11 a. m. in St. Patrick's Cathedral, New York, commemorating the 350th anniversary of the Society of St. Ursula of the Blessed Virgin, it was announced today.

They will include members of the Parents' Association and students of the Academy of St. Ursula and St. Joseph's Parochial School here, where one of the religious order are teachers.

The June 16 anniversary date is being observed in various parts of the world honoring the heroic foundress of the order, who was declared Venerable in 1900. St. Ursula has been a living force in the society for three and a half centuries.

Celebrant of the Mass in St. Patrick's will be the Most Rev. Joseph F. Flannely, Auxiliary Bishop of New York. Assisting Bishop Flannely will be the Rt. Rev. Msgr. Cornelius J. Drew, pastor of St. Charles Borromeo Church, as archpriest; the Rev. Joseph A. Wall, CSsR, of Mount St. Alphonsus, Esopus, as deacon, and the Rev. Ralph H. Brown, SJ, of the Jesuit Missions, as sub-deacon. The sermon will be

preached by the Rev. Joseph D. Hassett, SJ, of Fordham University.

The Society of St. Ursula of the Blessed Virgin was founded by the Venerable Anne de Xaintonge on June 16, 1606, in Dole, Franche-Comte. It was the first non-cloistered community for the education of girls. Up until this time non-educators remained in their convents imparting the essentials of Christian learning to small groups of the more fortunate girls.

Anne de Xaintonge felt that education could reach both rich and poor. She based her system of education on the Ratio Studiorum of the Jesuits and modified it to the needs of girls. She insisted on the training of teachers, a gentle firmness in discipline, and an arrangement of classes suited to the age and ability of the pupils.

RETAINING what was best in the traditional methods and adapting much from the new she achieved a program which stressed individual attention and development. Naturally, religion was the core-subject of the curriculum, integrating the entire course. Moral instruction held the most important place, but (Continued on Page 8, Col. 7)

Steel Workers Reject New Contract Proposal

New York, June 15 (AP)—The United Steel Workers today rejected "as entirely inadequate" wage and contract proposals made by the big three steel firms.

David J. McDonald, union president, told newsmen: "No mathematical juggling can obscure that the steelworkers are being offered an increase in take-home pay this year of five cents an hour."

McDonald described the industry offer as "too little, too late and too long."

"The wage offer is too little," McDonald told a news conference.

"The fringes are inadequate and become effective too late to have any significance. And the whole contract, instead of being modernized, is to be extended, with its obsolescent features, for too long a period."

This was a reference to a suggestion by the big three firms—U. S. Steel, Bethlehem and Republic—for a five-year contract.

McDonald said rejection of the management offer was supported unanimously by the union's 170-member wage policy committee at a meeting this morning.

The meeting, held in the Palm Terrace of the Hotel Roosevelt, lasted less than an hour.

McDonald called a news conference immediately afterward to report the development, which apparently blocked earlier hopes of the negotiators for a settlement by Sunday—the 20th anniversary of the founding of the union.

The rejection also raised the possibility of a strike in the 650,000-man industry, unless the management-union differences can be reconciled before June 30, when present contracts expire.

McDonald said he still was hopeful that an agreement could be reached.

"After a year of record profits

and productivity, the industry has offered the steelworkers a wage increase for this year of six cents an hour and a minor adjustment for skilled employees of two-tenths of a cent in their job increments," McDonald said. "At the same time, the industry's offer would require the employees to contribute one and one-half cents more for insurance."

"The industry's wage offer, therefore, would result in a take-home pay increase to the average steel worker this year of about a nickel an hour—about 2 per cent . . ."

Traffic Hearing Set for Wednesday

A public hearing on whether to retain or discontinue the up-town one-way traffic system will be held in the Common Council chamber, city hall, Wednesday at 7:30 p. m., it was announced today.

Alderman George F. McArdle, 13th ward, chairman of the council's traffic control committee, will preside.

A public hearing is not required before adoption of a city ordinance, but one was decided upon after the regular June meeting of the council, which was attended by many uptown merchants and residents of the 12th ward, who opposed continuance of the one-way system now being tested.

Members of the traffic committee indicated they wished more time to consider the proposal and the council voted 12-1 in favor of still keeping it in committee. The council meeting was recessed subject to call of the chair.

Charles Murphy, of the New York Automobile Club, an expert who planned the system, is due to attend the hearing.

Drum Corps Competition Expected to Draw 8,000

Approximately 8,000 persons are expected to witness five, finely-drilled championship drum and bugle corps in the second annual Pageant of Champions, sponsored by the Port Ewen Drum and Bugle Corps, which will be held at Dietz Stadium, Saturday at 8 p. m.

In case of rain the event will be held Sunday at 2 p. m.

Co-chairmen Spencer Myers said an anticipated heavy influx of drum corps enthusiasts from the New York metropolitan area augured well for the success of the pageant.

Since reserved seats are completely sold out Mr. Myers said he expected the attendance would exceed that of last year's pageant which was held in conjunction with the Hudson Valley Volunteer Firemen's Association convention. More than 7,000 persons attended.

General admission tickets are on sale at Tommy Maines Sport Shop, 315 Broadway and at Potter Brothers Sporting Goods, 294 Fair street.

The five corps comprise the leading American Legion drum and bugle corps in the eastern

part of the United States. They will blend in a panoply of handsome uniforms, marching cadence and music.

The defending champion Hawthorne, N. J. Cabelleros will head the list of sparkling units. Also entered are the Empire State Grenadiers of Cohoes, the Connecticut Yankees of Stratford, Conn., the Skyliners of New York city and the Morris-town, N. J. Colonials.

The Cabelleros and the Garbarina-Mazarakos Post Skyliners have held the American Legion national championship twice. The Connecticut Yankees won the title once.

Saturday's event will mark the first time in several years that the Skyliners and Cabelleros will have competed against each other, Mr. Myers said. A large delegation from New York city and New Jersey will be present for the competition.

Proceeds of the pageant will be used to support the Port Ewen corps and its junior corps which was organized last November and has a membership of more than 100 boys between the ages of 10 and 16 years.

The Port Ewen corps will present an exhibition as part of the pageant, Mr. Myers said.

Full Vote Will Come Next Week

Tough Hurdle Is
Seen by Bridges

Washington, June 15 (AP)—Sen. Bridges (R.-N.H.) expressed "great doubt" today that the Senate will vote 615 million dollars more for foreign aid than the House did.

A recommendation that it do so was made yesterday by the Foreign Relations Committee but Bridges, chairman of the Senate GOP Policy Committee, told a reporter "the outcome is doubtful."

STATE REPUBLICAN Leader Knowland (Calif.) made the successful motion in the Foreign Relations Committee yesterday to restore 600 millions of the billion dollars the House cut in foreign military aid funds. The vote was 9-5.

Then, by voice vote, the committee raised from 63 million dollars to 78 millions the sum the House voted for European defense supporting activities. The House had cut 15 millions, earmarked for Yugoslavia, from this fund.

Approval of these increases marked the first substantial victory for the Eisenhower administration in the foreign aid dispute. But Bridges' words of caution about what the full Senate will do paralleled the comment of Democratic Leader Lyndon B. Johnson (Tex.) that the program is "in deep trouble."

"THE FOREIGN aid bill has passed one hurdle," Bridges said, "but it will face a tougher one when it reaches the floor of the Senate next week."

"It is doubtful whether the Senate will vote that much of an increase, although I would be inclined to go along with a figure somewhere between that of the committee and what the House voted. But there will be a fight on a number of items, including continued aid to Yugoslavia."

THE ADMINISTRATION originally sought \$4,900,000,000 in military and economic aid for the year starting July 1. The House voted \$3,800,000,000, rejecting appeals by leaders of both parties to increase the amount.

Sen. Green (D-R.I.) sought yesterday to win Foreign Relations Committee approval of the full amount Eisenhower asked but was voted down 8-4. On Knowland's move for a 600-million-dollar boost in the House figure, six Republicans and three Democrats voted "Yes." Against it were one Republican and four Democrats.

WITH SOME committee voting still ahead, the bill carries \$4,415,000,000 of which \$2,600,000,000 is marked for military assistance, the remainder for economic aid.

Sen. Fulbright (D-Ark.) said he would carry a fight against the increase to the Senate floor. "I don't object so much to the amount, but to the emphasis on military aid," he said. "Instead of being 85 per cent military, it should be 30 to 50 per cent."

Subways Are Back On Regular Runs

New York, June 15 (AP)—Subways rolled as usual today, bringing back to work the hundreds of thousands who spent sweltering, hectic hours getting home by makeshift means last night during a subway motormen's strike.

The vast subway system was all but paralyzed during the nine-hour walkout, unprecedented in the history of city transit.

With the return to work, the city's transit authority announced that 27 motormen, including 25 officials of their union, the Motormen's Benevolent Assn., had been suspended for their part in the affair.

Among them was Theodore Loos, president of the MBA. The strike hit the world's largest passenger-carrying railroad with startling suddenness yesterday, accompanied by a record 96.1 temperature.

It began as a wildcat strike of three motormen on the BMT line, gradually spread to all three subway lines, and built to a crescendo of confusion during the evening rush hour period.

SHOKAN NEWS

Shokan, June 14 — Mr. and Mrs. Herbert J. Barnhart and two children moved June 9 to Vincentown, N. J. Mr. Barnhart, an IBM field agent, has been transferred to McGuire Air Force Base.

Ave Hails Action

To End Discrimination

New York, June 15 (AP) — Gov. Averell Harriman today hailed the formation of an industry committee to aid in the elimination of discrimination.

In a speech prepared for a meeting of the Commerce and Industry Assn. of New York, the Governor said:

"This agreement between the state commission against discrimination and the representatives of commerce and industry marks an important advance in the long fight to eliminate discrimination in New York state. It sets an example for the country and the world of how we strengthen our society by cooperative effort."

Missile Debate Brewing

Washington, June 15 (AP)—A new debate appeared today to be brewing within the Defense Department over the comparative merits of two air-to-air guided missiles. They are the Hughes Falcon, recently introduced by the air force, and the navy's

mysterious but reportedly highly effective Sidewinder. Both are designed for firing from airplanes against other planes. Informed sources said some air force leaders have swung over to tests of the Sidewinder as a possible less costly substitute for the Falcon as the major air weapon.

BABSON on BUSINESS

Babson Park, Mass., June 14—I meet many interesting people, especially when in Florida where, during the winter, brilliant minds gravitate. As I have just returned to Massachusetts, I wish to mention five such men.

One of these men is an international oil expert who has just returned from Arabia. He states that a small area in the Far East contains more oil than all other sections of the world. He doesn't believe that World War 3 will happen during our lifetime; but if it does, the war will be for the control of this fabulous wealth of oil. He says: "Arabia is where the United Nations Headquarters should be located."

Another very interesting man, one of the nation's greatest "fundamental physicists," is interested only in studying atoms. He thinks that our banks, factories, and stores are mere "peanuts"; and that I should not waste time studying them. He talks of the marvelous possibilities from rearrangement of atoms so as to make anything cheaply—perhaps life itself—and the securing of free power from or through the air.

ANOTHER INTERESTING man is one who has just re-

turned from excavating the great city of Carthage in North Africa. Here are found seven layers of cities, averaging some 25 feet, one below the other. All were once rich and powerful; all but the last have been destroyed. This man would not own any property in any vulnerable large city. He says: "The safest investment is a small, fertile, well-watered farm in the center of the United States." Based on all previous history, he foresees within one hundred years a complete collapse of our "experiment with Democracy," to be followed by a Dictatorship and later a Monarchy.

My next choice is a famous parapsychologist from a leading university. He is studying the most advanced methods of psychic communication, including clairvoyance, telepathy, and other extrasensory powers. He hasn't much use for telephone wires or even present methods of broadcasting. To hear him talk, you would think we were still living in the "Stone Age," with little realization of our powers to think or communicate.

MY LAST VISITOR was a shabbily dressed man who had traveled over a thousand miles to discuss "Beauty," which to him included architecture, paintings, music, jewelry, and even perfume. "These," he said, "are the few things which we find in the oldest tombs of the wealthiest Egyptian Pharaohs." He believes these are the best investments today. To enjoy these things, he claims that they do not need to be heard, or seen, or touched; but that Beauty is something we enjoy through our thoughts and that, like gravity waves, it can penetrate any enclosure.

When I praised certain rich men like Andrew Mellon for buying famous paintings and establishing great art museums, he considered me very materialistic and frowned upon the thought that Beauty could be "purchased." His parting words were: "Read your Bible, especially the twelfth chapter of Ecclesiastes and the thirteenth chapter of First Corinthians."

THE ACTUAL BIBLE which I read was published in 1549 by my ancestor, the Rev. John Rogers, who later was "burned at the stake" in London for looking ahead. After reviewing these five visitors, I wonder if there may not be a time ahead of us when the possessing of something not now considered of value may be recognized as the only true wealth. The Old Testament Prophets may have had it in mind when they talked about "JEHOVAH"; Jesus, when He talked about "LOVE"; and the Early Church leaders when they wrote of the "HOLY SPIRIT." Most religions now use these words in their creeds; but very few of their followers, including those of us who call ourselves "Christian," treat these unseen forces as wealth. This is not surprising, as it took our ancestors a million years to awake to the power of electricity! It is even possible that the atoms of the physicists may also be "peanuts." I don't know.

I am inclined to believe that too many of us are wasting our lives in things that do not really help to give us health, happiness, or power. Perhaps real wealth is something that cannot be touched, or seen, or even deposited in a bank or kept in a safe-deposit box. I do, however, forecast that the time will come when it will be recognized that wealth is not what everyone now considers "wealth" to be.

Will Halt False Claims In Fire Alarm Sales

Washington, June 15 (AP)—The Federal Trade Commission (FTC) said today the National Fire Safety Councils of Irvington, N. J., has agreed to stop using alleged "scare tactics" or false claims to sell its home fire alarm systems.

The FTC announced it has approved an order agreed to by the commission's board of litigation and by the company.

In consenting to the order, FTC said the firm did not admit to any violation of the law. Covered by the order are the company itself and two officers—Robert L. and Howard Berko.

An FTC complaint issued last Jan. 11 said that salesmen, usually trained by the firm, resorted to various alleged misrepresentations in the course of trying to make sales.

Tillson

Intermediate Fire Training Course Set

Tillson, June 14—The regular monthly meeting of the Tillson Volunteer Fire Company was held Tuesday evening at the firehall, with president H. E. Harvey presiding.

Notice was given that those men who graduated from the basic fire training course of a few months ago have been invited to attend the secondary course being taught weekly at Bloomington by Harold E. Sanford, deputy chief of the Kingston Fire Department. All are urged to attend.

A donation was made to the Cerebral Palsy drive. Approval was granted for the purchase of a company banner, and a genera-

tor with lights and wire required. The plans for the additions and alterations to the firehall were shown to the company by the fire commissioners, who were present.

No fires occurred in the district during the past month, it was reported. The company plans to participate in the parade at New Paltz on July 28, in connection with the Ulster County Volunteer Firemen's Association convention at that place.

Following the business meeting refreshments were served.

Adult Education

Classes Concluded

Tillson, June 14—The Adult Education program at Tillson School is over for this term, and George Fernandez, principal of the school in charge of the

program, reports it was very successful.

A sewing class, ceramics class, law class and driver training class was conducted, with many people gaining much benefit from each class, he said. The sewing and ceramics class recently exhibited their finished products at an affair at the school. Mr. Fernandez stated that he would like to hear from the residents of the area as to what type of classes to hold next term.

Strawberry Festival Planned by CE Group

Tillson, June 14—Tillson Christian Endeavor Society will hold its second annual strawberry festival and baked ham supper Thursday, June 28, at 6 o'clock on the lawn of Tillson Friends

Church. Tickets are now on sale.

At the last CE meeting, Sunday evening, the Rev. Vardell Swett talked on the subject, "Loyalty." Attendance pins were awarded to Patricia Hill, Kathryn Serenbetz, Eugene Frost, and Judith Menzel for perfect attendance at meetings.

The following were issued official membership cards into the local CE Society: Frederick Bornemann, Eugene Frost, Sandra Phillips and Carol Rowe.

On Saturday, June 9, Richard Talleur, Mrs. E. Serenbetz and 11 CE members went to the annual Metropolitan boat trip excursion to Bear Mountain.

Devotions at the next meeting, Sunday, June 17, will be in charge of Carolyn Sarr and Janet Ryerson.

A NEED FOR TOLERANCE

President Eisenhower inevitably drew mixed reactions both at home and abroad when he tried to show an understanding attitude toward nations which strike a neutral posture in the East-West power struggle.

He is endeavoring to tread a very delicate course: On the one hand, to woo more peoples into firm alliances with the West, on the other to acknowledge that some may have good reasons for keeping free of such ties.

Within the United States this position annoyed those who believe that neutrality amounts inescapably to consorting with the enemy.

Representatives of certain Asian lands which have joined the Southeast Asia Treaty Organization were likewise unhappy. They seemed to feel that Mr. Eisenhower's approach to the matter suggested penalties might be the reward of those who join the West.

But, as White House spokesmen were at pains to point out, the President does not believe that present SEATO members are sure to have trouble at their borders as the cost of the alliance.

Indeed, his news conference reference to possible border difficulties for those who abandon neutralism probably was not the wisest means of illustrating the point he sought to make.

His purpose is partly to remind Americans that neutrality is not synonymous with hostility. He wants them to realize that peoples which are militarily neutral need not be—and most often are not—neutral in questions of right and wrong or decency and indecency.

In other words, while India may refuse to link up with the West in a defensive pact, it may still be true that Indians understand the real meaning of international morality and have utterly no wish to condone the barbarism of Communist tyranny.

Mr. Eisenhower also emphasized the point which should most impress Americans—that we ourselves took a neutral stance for 150 years. Young nations, as we were and as India is in terms of its independence, seek the time and the freedom to develop their resources and grow strong. They see alliances as handicaps to these goals.

The President's objectives in this field are worthy. We want all the allies we can get. But, remembering our own past, we cannot fairly say to neutrals following a somewhat similar path "You are either with us or against us."

America must show more tolerance than that.

SAVING BY TRIMMING

The portrait of De Witt Clinton, who pushed the Erie Canal to completion more than 100 years ago, is seen every day by millions of people. Most of them don't really see it, except as a kind of familiar blur. Clinton's picture appears on the federal tax stamp that seals every package of cigarettes.

The chances that Clinton's portrait will be recognized are going to be even less in the future. The reason for this is that the Internal Revenue Service has decided to reduce the width of the stamp by three-sixteenths of an inch.

Now, this may seem like rather a paltry item of information, but it is not. The Internal Revenue people estimate that cutting the width of the stamp will save \$250,000 annually on the IRS paper bill. Even in these days of multi-billions, the prospect of saving a quarter of a million dollars merely by narrowing a stamp is rather intriguing.

This move suggests other possible federal savings. Postage stamps, for example, are printed in astronomical numbers. If they could be reduced slightly in size, the savings might be substantial. There is no immediately apparent reason, either, why paper currency must be the size it is.

There are limits, obviously, to how far such trimming can go. All the same, the possibilities are worth investigation.

'These Days'

By GEORGE SOKOLSKY
THE HAND OF FATE

The Constitution fixes the term of the President, when he is to be elected and how. The Constitution makes broad, general provisions as to what is to happen if the President dies in office or is incapacitated or resigns. Incapacitated is not carefully defined. In contemporary times, Woodrow Wilson, Franklin D. Roosevelt and Dwight D. Eisenhower were very sick men while in office; Warren G. Harding died. The United States continued as a nation and the American people continued to thrive despite these regrettable manifestations of the mortality of man.

No physician can guarantee the good health or long life of any man in public office. Dr. Paul Dudley White gave the impression that President Eisenhower is good for another five or ten years. Dr. White knows no more about that than you or I. When Dr. White was doing all this talking, I was in the hospital, seized by the same type of heart attack that Eisenhower had. I asked my doctors to give me guarantees similar to those which Dr. White apparently gave about President Eisenhower. They refused. And quite rightly. Who are these doctors? God?

For what happened to Eisenhower, could happen to Stevenson, to Harriman, to anybody. Men have been known to go to a doctor for an annual examination, pass top-notch, be congratulated by the doctor, and drop dead on his doorstep. Those who shout that every candidate for the Presidency undergo an examination are talking out of their hats. Such an examination may, and often does not, disclose some trouble, but offers no guarantee that nothing will show up in a few months or for that matter on the very next day. When one passes 50, things begin to wear out and break away and most men in public life have abused their bodies achieving distinction and popularity. Of course, we might elect a youth to the Presidency, one whose maturity is to be measured by I.Q. tests and the ability to answer questions in a manner that satisfies the ego of a professor.

The fact that President Eisenhower was hit down twice while in office does not mean that he is incapacitated permanently or that he will be struck down a third time or that he will not be struck down, or that his opponents are strong and healthy and will surely outlive him. About such matters, nobody can know anything. In 1952, Bob Taft was a physically strong figure who was able to travel all over the country making hundreds of speeches. He was examined by a competent physician who found no warrant for restraining him. But he died of a cancer within months.

The objection to General Douglas MacArthur as a Presidential candidate was that he was too old. But here he is four years later strong in body and mind, seemingly ageless. Harry Truman was a well man in office, but nearly died of a disease a year later, and is now travelling the world as a columnist.

None of this proves anything more than that the human body is weak and requires fixing up, cutting away, correcting, adjusting as we go along. The body is such a complex physical and chemical instrument that it is a marvel and a miracle that it works at all, but it does work and even under the most adverse conditions. For instance, Beethoven became deaf early in life. We assume that music is something to be heard. But Ninth symphony, he wrote them. Helen Keller has been blind and deaf nearly all her life, but she became a great public figure. Thomas Edison could not hear but he invented the phonograph. Milton was blind but he wrote some of the greatest poetry in any language.

The human mind is an ingenious instrument which is at its greatest when it transcends all difficulties and impediments. The question is not whether Eisenhower is a well or a sick man; it is whether he has been a competent President. Similarly, it does not so much matter whether Stevenson, Harriman, Johnson or Symington, to mention a few Democratic candidates, is sick or whole, but whether each is a competent, broad-spirited man of character. Who will be alive four years from now, nobody can say for you, for me, for a President or for anyone.

That Body of Yours

By JAMES W. BARTON, M.D.
"DISTURBED" BEHAVIOR IN A HOME FOR THE AGED

For the many old persons who cannot get along in the community because of family rejections or social, financial, or physical limitations, homes for the aged provide a vital service. Most homes are expanding and attempting to develop new and better facilities to deal with the inevitable problems that arise from communal living. One of the most distressing of these problems is that of the "disturbed" resident.

Most homes do not knowingly admit disturbed persons but all have to face the problem of the person who becomes disturbed after admission. Often there is an inclination to get rid of the problem by discharging the patient or transferring him to a mental hospital. Rather than do this, Dr. Morton Aronson, in Geriatrics, says that the conscientious administrator should try for a solution within the home, if this is at all possible, bearing in mind what may lie ahead for the old person in an understaffed and overcrowded public mental hospital.

What is a "disturbed" person? Briefly he is an unhappy, anxious, confused person whose behavior arouses concern in the people around him. Too often this behavior is set down to brain damage and the outlook thought to be dismal. That this is not always true is shown by the fact that post-mortem findings in old people show that many who had never had disturbed behavior and who were quite clear mentally, nevertheless had advanced senile and hardening of the arteries changes in the brain. On the other hand, many of those who have shown disturbed and confused behavior have little if any brain damage.

What, then, does account for the disturbed behavior so often seen in older persons? It is thought that in large measure the answer is to be found in the youth of the old person—that is the conflicts and deficits in adapting himself to life situations and other persons that he has carried with him into the increasing pressures of old age. Part and parcel of the aging process is lessening of the ability to "give and take" and lessened capacity to adapt to change or stress. The more deficient, immature or neurotic the person was in youth, the smaller the stress required in age to produce disturbed behavior.

When to the normal aging process is added the burden of physical illness, financial troubles, loss of family, or disturbed personal relationships, the victim responds with feelings of helplessness and an intense wish to be taken care of by others. The old person may react by trying to ingratiate himself with others, fearful submission, anger, defiance, or trying to get his own way by force, in the manner of a child with his parent.

"He complains about the food and demands special diets; the living arrangements do not suit him; the nurses mistreat him, and so on. He may passively sabotage or openly rebel and assault. He may project his anger onto the environment or turn his anger against himself and become depressed and suicidal. The disturbed behavior of the aged, then, is meaningful and is not simple contrariness, bad temper or a sign of brain deterioration. It is a cry for help, however, disguised."

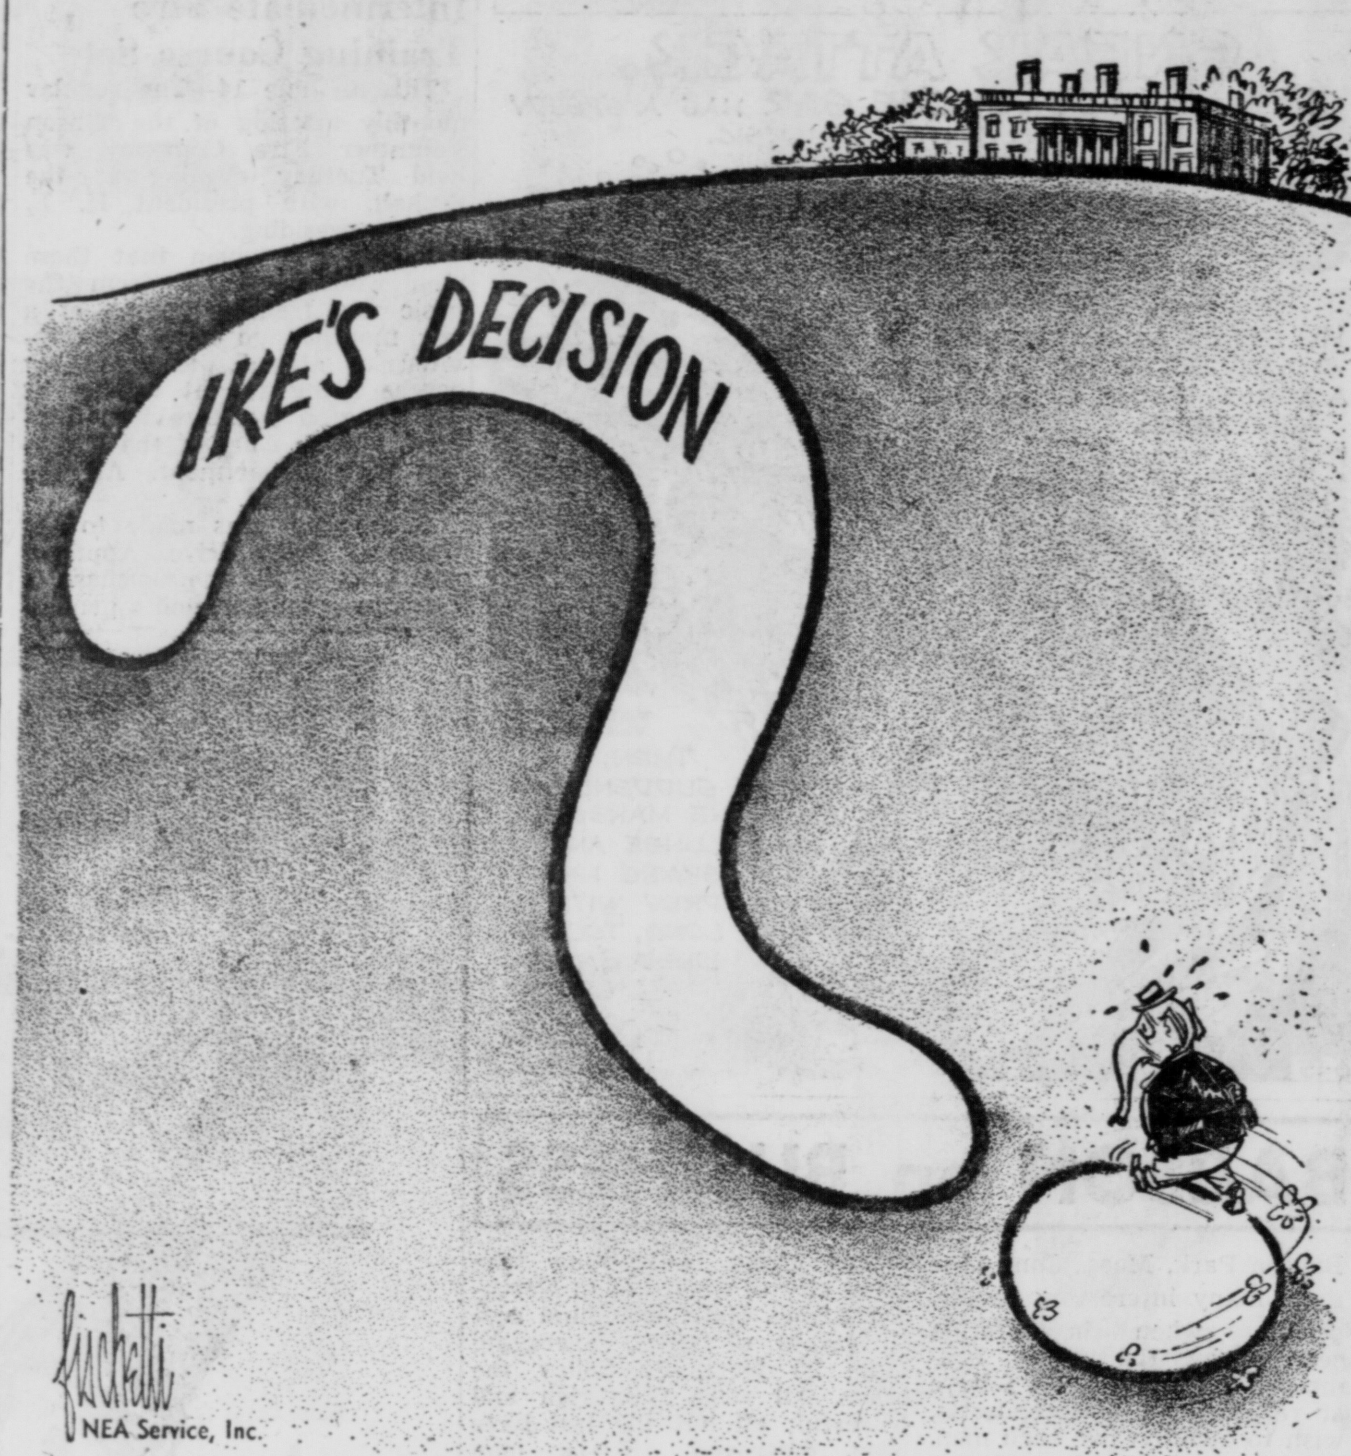

Tomorrow we will go on with Dr. Aronson's suggestions of what can be done to help these disturbed oldsters.

On the Spot

Edson's Washington News Notebook

By PETER EDSON
NEA Washington Correspondent

Washington — (NEA) — "Fellow squirrelheads," Bob Hope greeted the White House Photographers Association at their annual dinner. And from then on it was a laugh every 10 seconds.

Hope explained that he was supposed to get something for being master of ceremonies for this show. He thought they'd put it in the foreign aid bill.

But he admitted it was a job to get laughs in Washington. There were so many laughs here already. Adlai and Estes had each other to laugh at.

Hope said the dinner—this was the one at which President Eisenhower was the guest of honor the night before he became ill—was the sixth he had m.c'ed.

Two of them were before Roosevelt, two before Truman, and now two before Eisenhower. He said: "I've seen more people come and go than Arthur Godfrey."

Hope said he had met Kefauver at the airport coming in. "He had come home to change linen. The way that man travels, I'm not sure whether he wants to be president of secretary of state."

"Dulles' saucer landed at six," Hope commented in explaining how the secretary of state also happened to be at the dinner. "He's an old friend of mine," said Hope. "He always looks me up when he visits America."

THE PLANE which carried Hope from Los Angeles flew so high it had a nosebleed. He observed that the Great Smoky Mountains now had filter tips. But it was nice coming into Washington where he could see the Navy's ships all lined up with their guns pointing at the Air Force. He thought the Army was overdoing it though. All

those tanks tied up traffic. "Oh for the good old days," he sighed, "when Hitler was the enemy." Things were insub too much golf," Hope reported. He explained it with, "They haven't been so close to the green for a long time."

But he said the President really preferred painting to golf. "Fewer strokes." And when Adlai Stevenson was shown one of Ike's recent paintings he had asked, "Isn't it a little early in the campaign for smearing?"

"Democracy is wonderful," Hope concluded. "It lets me stand up here and tell jokes about the boss."

All Sardines

Sardine is not the name of any one fish. It is applied to any tiny fish with rich flesh and weak bones that can be preserved in oil. Pilchard, bristling, sprat and herrings, most often are canned as sardines.

The cowbird is so called because it gathers in large numbers in pastures to eat insects which are disturbed by grazing cattle.

AS PEGLER SEES IT

By WESTBROOK PEGLER

The resistance against "foreign aid" has been gathering strength and developing a voice.

There is now a genuine opposition whose leaders include Spruille Braden, one of our realistic, practical experts in foreign relations, particularly Latin-American. Mr. Braden has had experience not only in business and politics in South American countries but in diplomacy as ambassador. At the other extreme Paul Hoffman stands, a promoter, professional spendthrift with other people's money and, in round numbers, an adventurer. Hoffman's qualifications according to his own presentation in Who's Who would be pathetic if they were not so ominous to a people whose billions he has broadcast for years through a parasitic apparatus which included ne'er-do-well mediocrities cast off by the newspaper business, broken-down charity workers and non-descript New Deal riff-raff.

Hoffman's record for success is negligible except in accumulating counterfeit honors from undiscriminating college boards which have loaded him with meaningless degrees, and in imposing on Truman, Eisenhower and Henry Ford II.

One of the assistant spendthrifts whom he selected for a job in Paris soon after the war was a jail-bird brother of Felix Frankfurter who slipped through gaping meshes of the "screen" when a phone call to the FBI would have elicited his criminal record in a few minutes.

Nevertheless, a few days before his recent seizure, Eisenhower appointed Hoffman to a campaign "committee" of Republican dignitaries which included Maj. Gen. Bill Donovan, late of the notorious OSS, and Al Capp, whose achievements include an elaborate eulogy to

Today in World Affairs

Conventional War Called More Likely Than Atomic

By DAVID LAWRENCE

Washington, June 15—The biggest news story in the world today—and the hardest to write—relates to the grave danger of defeat which faces the United States and its allies at the hands of the Soviet gangsters who control the largest single military apparatus of all times.

It is solely a question of atomic bombs or intercontinental bombers or missiles. Even if the United States Congress appropriated all the money the Air Force is asking for, it wouldn't alter the situation. For the next war may never see atomic weapons of any kind used because of the danger of mutual destruction. Hence, the potential value of conventional armies with conventional navies and air forces and conventional bombs becomes more important than ever before, coincident with some form of counterstrategy to meet the infiltration of smaller countries by the enemy.

What stands out as the central fact about the whole problem is the virtual certainty that neither side will use atomic bombs or weapons because public opinion in all countries will prohibit their use. Nuclear war will not be tolerated. The threat of conventional war, therefore, will take its place. In this the United States and its allies are woefully weak. They have not awakened to the need of this deterrent, too.

The truth is a paradox—General Le May is right in wanting all the air power he can get as a deterrent and Generals Ridgway and Taylor are right also in wanting all the conventional arms they can get as a deterrent. The three armed services are right on the whole in emphasizing the need for more of each of their respective forces. Their disputes reflect an honest groping for some solution to the most difficult problem America has ever faced.

THE REAL FACTOR of fear is derived from the prospect that, even though no international agreement exists or may exist, the aggressors will of their own volition, refrain from the use of any nuclear weapons. Then we have the Western allies who initiate the use of such weapons in defense and thus invite retaliation? Military men are confident that the answer will be "yes." Political governments—civilians who control them—will have the decision and the consensus of many civilian officials here and in Europe is that the answer will be "no."

The idea of "race suicide" and of "wiping the human race from the face of the earth" has been so widely advertised everywhere that what began as a Communist propaganda line a few years ago—when the Soviet government was in an inferior and unprepared status with respect to the manufacture of superbombs—now has been indorsed inside the United States

front as well as on the military side. The Communists are threatening. The whole answer doesn't lie merely in spending more money for air power or in spending more money than ever before to mobilize ground armies—even though both are necessary. It lies basically in the principle reiterated a few days ago by Secretary of State Dulles, when he said:

"This is but another way of saying that the peoples of the Soviet Union and the satellite states hold the key to peace. They must be persuaded to choose a free government. It's the only thing that can truly make the world safe for the continuance of democratic governments anywhere. It requires a job of infiltration and conversion through every avenue of moral force. It's a job which the West has all too long neglected.

lit countries, are hot-eyes for "foreign aid." They are in the market for sales.

Their obvious interest is in profits. These are not limited by the ordinary restraints of competition because many Americans in the same lines are too decent and honest to ballyhoo rackets imposed on us by the traitors who established these policies in the Treasury in Morgenthau's reign.

It is not a pleasure to note, as honest men must, that Eisenhower took office under a cloud of stupidity in surrendering to Russia the victory which American fighters and workers had won for him. "Foreign aid" is to a large extent the price of his compliance with orders which have never yet been revealed to prove that this disaster was the result of dumb, if solidly compliance.

Heads Police Conference

Liberty, N. Y., June 15 (AP)—Thomas P. McGurn of Yonkers was elected yesterday as president of the Police Conference of the State of New York at the closing session of its 31st annual convention. He succeeds John J. Grevert, mayor of Yonkers. Oliver T. Burnham, association vice president and secretary, said yesterday the total was exceeded in the same period only in 1944, 1949 and 1953.

Report on Shipping

Cleveland, June 15 (AP)—The Lake Carriers Assn. reports that 36,586,646 tons of iron ore, coal and grain were shipped on the Great Lakes this season to June 1, the fourth highest total in history despite abnormal ice and weather in the early season. Oliver T. Burnham, association vice president and secretary, said yesterday the total was exceeded in the same period only in 1944, 1949 and 1953.

Set 30 Per Cent State School Aid For New Building

Saugerties, June 14—The State of New York will pay about 30 per cent of the cost of the proposed new buildings in the Saugerties Central School District, according to Dr. M. G. Osborne, of the State Education Department.

This means that the cost of the new building program to the taxpayers of the Saugerties Central School District will be only approximately 13 per cent of the total budget each year. Dr. Osborne, chief of the Bureau

of Field Financial Services of the State Department, said in a letter dated June 5, that in the year 1961-62, for example, State aid for Saugerties Central School District is estimated as follows: Equalization Quota, \$487,192; Transportation Quota, \$68,000; Building Quota, \$65,885, making a total of \$612,077. That year the budget is estimated to be \$1,203,313.

This total payment of State Aid represents more than half of the total budget anticipated for that year. The cost for bonds and interest that year is estimated at \$219,625. Toward this sum the State's contribution is \$65,885, or almost 30 per cent.

C of C Meeting Will Hear Report On Yule Lighting

Saugerties, June 14—A full report on the progress of the locally operated Christmas lighting project of the Saugerties Area Chamber of Commerce will be presented by Herbert Lachmann, chairman of the project committee at the regular monthly meeting of the Chamber to be held in the Blue Room of the Exchange Hotel at 8:30 p. m. Wednesday.

Electrical contractors bids will be presented for action. All interested businessmen of the area who would like to lend their support to this worthwhile project should attend to learn the full details of the lighting program.

Progress of the Fourth of July Committee on which three executive board members of the Chamber serve will also be heard at this meeting. Resort and cabin owners and

others offering facilities to summer or winter vacationists are also invited to attend to learn specific details of the new mailing program of the Chamber in regard to requests from vacationists.

Knaust Resigns Post As M-WC Vols Officer

Saugerties, June 14—Warren H. Knaust of Topsis, charter treasurer of Malden-West Camp Fire Company, tendered his resignation from that office effective at Tuesday night's meeting of the volunteer firemen held at Malden Firehouse.

Mr. Knaust's letter said he was unable to give the time required to continue as the fire company's treasurer. He was serving his third term. Mr. Knaust also serves the fire district as commissioner and was active on the building-planning committee of the company when it was first organized.

Corresponding secretary Emmett Vedder was elected to fill the vacancy until the elections in January. Clarence Coons of West Camp was accepted as an active member in the company.

The membership designated the West Camp unit truck to participate in the Fourth of July Parade in Saugerties. The Malden truck will remain in the district to cover in case of fire.

Fire Chief Charles Teetsel in his report recommended that the company hold a fire drill rally in which the company could demonstrate equipment under actual conditions. The firemen planned to use an old shed and an old car which would be set ablaze for the demonstrations. According to preliminary plans, the public would be invited and refreshments would be served.

The next meeting is scheduled for Tuesday, July 10 at West Camp firehouse.

Goose Feathers

A mature goose can furnish about a pound of feathers in a year if plucked every six weeks during the spring, summer and early fall.

Successful Youth Program Is Cited By Grand Jurors

A successful youth program was announced by Thomas J. Murphy, president of the Association of Grand Jurors of Ulster county, who said that the group has discontinued monthly meetings until next fall.

He reported that a special committee of his organization has visited all of the schools in Kingston and that various interesting talks on problems of teenagers had been given by James J. Kelly of New York, special agent in charge of the FBI; Sgt. Thomas Tomshaw and Patrolman Sheldon O'Rourke of the Kingston Police Department.

President Murphy and Mrs. Sam Mann, chairman of the youth committee, have expressed their appreciation to everyone who had a part in the past program including the Kingston Board of Education, principals of all schools, Mayor Frederick H. Stang, Police Chief Raymond Van Buren, County Judge Louis G. Bruhn, the Rt. Rev. Msgr.

Martin J. Drury, PRVF and the Rt. Rev. Msgr. Stephen P. Connelly. The president also reported that two Kingston boys will be sent to Camp DeBruce, Sullivan county, this summer for two weeks under the sponsorship of the juror's association.

EARLY RAILROADS: In the early days of railroading, the engine used to stop at streams along the way to take on water carried in leather buckets. This was known as "jerkwater". Now the name is applied to small towns where the train stops.

Second Body Found

Purcellville, Va., June 15 (AP)—The discovery of a second nude body in this same rural area in less than a week has police theorizing that two girl chums were victims of a "fiendish" slaying. But police said they have no major clues. A fisherman yesterday found the body of a girl lying face down in Catocin creek, a tributary of the Potomac river. State Trooper C. L. Wood said she was identified as Shelby Jean Venable, 16, of Laurel, Md. Wood said identification was made from a broken tooth and body marks. Last Saturday, another nude body of a girl was discovered about 10 miles away, near a Potomac bridge at Brunswick, Md. A relative identified this body as that of Mary Elizabeth Fellers, 18, of Beltsville, Md.

Do You Remember

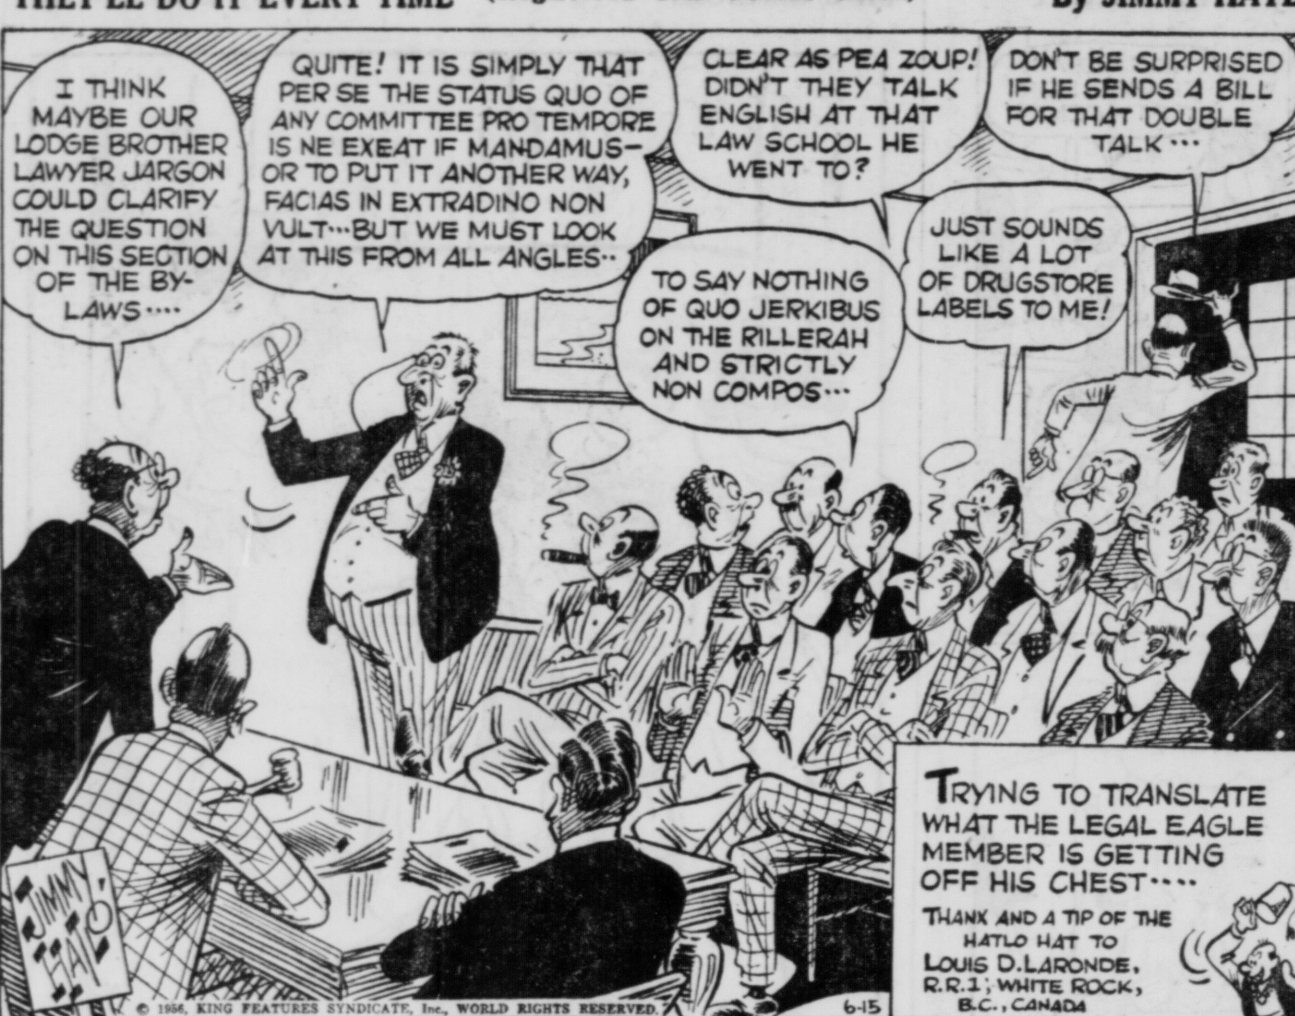

By SOPHIE MILLER

I received a letter from Paul L. Berry, chief of Serials Division of the Library of Congress, giving me the name of two books which cover history of old newspapers. One is called "History and Bibliography of American Newspapers" (1690-1820) by Brigham and in which is included the Ulster Gazette printed in Kingston. The other is "The Country Printer" put out by the Columbia University Press in New York in 1936 covering newspapers of New York state (1785-1830) "makes numerous reference to Samuel Freer" wrote Mr. Berry. Samuel Freer was the publisher of the Ulster County Gazette of Jan. 4, 1800, which covered the death and funeral of George Washington. There is an original copy at the Library of Congress. I phoned Kingston Library but they have neither books. I especially would like to see "The Country Printer" to see what is said about our own local old newspapers. Perhaps some of the readers have seen these books.

I understand sometime in August our new assessments will come out. Looking back in The Kingston Freeman and Journal of Friday, March 5, 1920, following item appears: "The fact that Kingston's tax rate this year will total nearly \$45 per thousand valuation, the highest in its history, has not meant much to those who were not paying taxes, and for that reason those who rent instead of owning their own homes felt no particular alarm." (1956-it is \$62.68 per \$1,000.) The item of 1920 further says: "Renters today, however, are finding that they are deeply interested in the new tax rate for since the first of the month, they have been receiving word from their landlords that the rent would be increased from \$3 to \$10 per month. From what could be learned, rents have advanced all

over town, and the reason for the advance are laid to the high tax rate in the first place, and secondly to the fact that to have any repairs made costs considerable more this year for labor and materials." If only Kingstonians then could hear about the rents and repair costs of today. In those years you could build a bungalow for a couple hundred dollars. Today you are lucky if you can manage a garage for that. What will it be like 35 years from now.

One of the things we take for granted today is the Rondout Creek Bridge. In the above dated paper following item appears: "The contractors engaged in sinking the anchorage shafts in which the cables of the proposed suspension bridge across the Rondout creek will be placed are making good progress on this side of the creek. They have completed sinking the two shafts on the Esopus side of the creek, and are now sinking the two shafts on Aabel street at the foot of Wurts street. They are now down 25 feet in each hole. The shafts are to be driven down 55 feet. Now we watch and hear about the bridge nearby which will cross the Haddon river. Of course, when the work was going on about the Rondout Creek Bridge, it was in such a section that "side-walk superintendents" had a gay old time watching every move. It was going on just one block from my home, and my father used to send me up there to take snap shots, as he was building a model of it in his drug-store window. That model was later used as a center-piece at municipal auditorium for the formal dinner at the bridge opening. In time my father won a prize for that bridge model, although he did not make it to scale, but just for the fun of it. Before he finished it turned out to be a project.

Forest Fire Spreading

Holbrook, Ariz., June 15 (AP)—A massive fire—a mile and a half wide and nine miles long—continued to tear through the Sitgreaves National Forest early today after destroying an estimated 12,000 acres of timber and brush. The Forest Service said it could make no estimate of when the huge blaze might be controlled. A dispatch center near Holbrook said winds had slowed to between six and eight miles an hour late last night, but that the fire was still advancing swiftly.

Think It Through

"E" FOR EFFORT

After 40 years of "solving" the farm problem by both parties, it is now the most costly mess it has ever been in.

About seven billion dollars of farm crops now overhang the market in political warehouses. They were built up by New Deal laws which Secretary Benson has tried to whittle down.

He gets "E" for effort, but with farm prices falling, he is under heavy political attack.

Because Republicans like to win elections also, Benson has been forced to come up with a "soil bank" proposal, which is practically the same idea Henry Wallace used in 1933, 4, 5, 6.

So, neighbor, it goes around and around. When an economic question gets into politics, it is decided by votes, not by economics.

It's just like giving the customers the power to price the goods on a groceryman's shelves. The present farm problem exists only because of political tinkering with the mechanics of the free market economy.

Leaders of the American Farm Bureau and the National Grange say that most farmers would take their chances on producing for the market and not for a Government subsidy, provided all other voting shoes would stand on their own feet also.

But you can't expect farmers to go it alone when their Government forces up the minimum wage that becomes part of the price of everything farmers must buy.

went surgery for an intestinal blockage last Saturday morning.

THE PHYSICIANS said

President had "a very good night" with almost eight hours of continuous sleep. That was the longest unbroken rest since he entered the hospital.

Hagerty announced that the President will hold separate conferences in his hospital room Monday with Vice President Nixon and Secretary of State Dulles.

It will be Nixon's first visit with the President since he was taken ill. Dulles saw Eisenhower briefly yesterday in the company of West Germany's Chancellor Konrad Adenauer.

ANOTHER encouraging note

today was an announcement by Hagerty that one of the four surgeons who operated on Eisenhower, Dr. Isidor Ravdin, left the hospital this morning to return to his home in Philadelphia for a long weekend. Ravdin is professor of surgery at the University of Pennsylvania medical school.

Ravdin was the first of the four-man operating team to leave the hospital for an extended stay. He plans to return Tuesday morning. Up to now the doctors have only taken a few hours off from time to time.

Eisenhower held a 15-minute business conference in his hospital room this morning with his chief aide, Sherman Adams, and the White House Secretary, Col. Andrew J. Goodpaster.

Two Students Are Watch Winners

The suspense is over and Joseph Pino of 112 Roosevelt avenue and Carol Proper of 13 Prince street will be able to pick out a \$50 watch of their choice at Schneider's Jewelry, Inc., 290 Wall street.

Each year for the past 15 or more years Schneider's has awarded two members of the graduating class of Kingston High School a watch. The award is made to a boy and girl over whose name the hands of a clock stop. The names of every member of the graduating class is placed on the face of a large eight-day clock in the window of the store and the clock is fully wound up. Where it stops determines the winners.

"This year there was considerable suspense when the eight-day clock ran over to between 12 and 13 days," George Schneider said today in announcing the winners. A watch of the choice of the boy and girl will be presented.

Faces Charge of Arson

New York, June 15 (AP)—Police today arrested James W. Johnson, 35, and accused him of starting three fires in Brooklyn in two hours. Johnson was booked on a charge of first degree arson. Starting at 12:05 a. m., fire alarms were turned in at 2626 Kings Highway and 2890 Nostrand avenue, both apartment houses, and from 3005 avenue N, a two-story building. In each case, police said, fire had been started by lighting old papers and rags.

22 Redemptorists Will Be Ordained at Esopus Sunday

A former professor and rector of Mt. St. Alphonsus, Esopus, will ordain 22 Redemptorist seminarians to the Catholic priesthood in the seminary chapel Sunday morning.

The Most Rev. William McCarty, CSSR, DD, Bishop of Rapid City, South Dakota, an uncle of one of the ordinands, was formerly a professor and spiritual director of students at the seminary. He served as rector from 1933 to 1939.

His Eminence Francis Cardinal Spellman who usually officiates at the annual ordination, invited Bishop McCarty to be the ordaining prelate.

Included in the ordained is one seminarian from Brazil, where the Redemptorists are in charge of vast mission fields, two from Canada and the remainder are natives of cities and towns in the eastern part of the United States.

The newly ordained will celebrate their first solemn Masses in their home parishes on the first and second Sundays after ordination.

They will return to the Esopus seminary for one year to complete their theological studies.

After completing these studies, they will go to Annapolis, Md., for a six-months special training in conducting missions and then will be assigned to the active ministry.

Priests of the Congregation of the Most Holy Redeemer, popularly known as the Redemptorists, have as their primary work the preaching of missions and other spiritual exercises in Catholic parishes, churches and religious institutes.

The Redemptorists of the eastern province of the United States also have charge of parishes in this country, Brazil, Puerto Rico and the Dominican Republic.

The parishes of the Church of the Presentation, Port Jervis, and the Church of the Sacred Heart, Esopus, are in the care of the Esopus seminary priests.

The Rev. Joseph Comyns, CSSR, is pastor of the Port Jervis parish and the Rev. Joseph Wall has charge of the Esopus church.

There are approximately 640 priests and 100 brothers in the eastern province and more than 7,000 Redemptorists in the world.

To Seek New Trial

St. Louis, June 15 (AP)—Attorneys for Matthew J. Connelly and T. Lamar Caudle, high officials in the Truman administration convicted of conspiring to help a tax dodger, plan to seek a new trial for their clients on July 19, the same date set for sentencing. The 48-year-old Connelly was White House appointments secretary to former President Truman. Caudle, 52, was head of the Justice Department's Tax Division. They were convicted by a Federal Court jury yesterday after it deliberated about nine hours. Maximum penalty is five years in prison and a \$10,000 fine.

Labor Leader Jailed

Washington, June 15 (AP)—John T. Gojack, 39, Fort Wayne, Ind., labor union leader, today was sentenced to nine months in jail and fined \$200 for contempt of Congress. The sentence was pronounced by U. S. Dist. Judge David A. Pine, who turned down a plea by Gojack's attorney for a suspended sentence. Gojack, a general vice president of the United Electrical and Machine Workers Union (UE) was convicted May 3 on six charges of contempt.

Two Students Are Watch Winners

The suspense is over and Joseph Pino of 112 Roosevelt avenue and Carol Proper of 13 Prince street will be able to pick out a \$50 watch of their choice at Schneider's Jewelry, Inc., 290 Wall street.

Each year for the past 15 or more years Schneider's has awarded two members of the graduating class of Kingston High School a watch. The award is made to a boy and girl over whose name the hands of a clock stop. The names of every member of the graduating class is placed on the face of a large eight-day clock in the window of the store and the clock is fully wound up. Where it stops determines the winners.

"This year there was considerable suspense when the eight-day clock ran over to between 12 and 13 days," George Schneider said today in announcing the winners. A watch of the choice of the boy and girl will be presented.

Social Security Distributes \$365,242 to Ulster Monthly

Monthly payments of \$35,340 to 861 widowed mothers and minor children accounted for 10 per cent of the total monthly old-age and survivors insurance benefits of \$365,242 in Ulster county as of December 1955, according to George J. Johnson, Social Security Administration district manager in Kingston.

In making this announcement today, Johnson said that many persons think of the old-age and survivors insurance program as providing protection only for older men and women. He made it clear that it is also a program benefiting youngsters. At the end of 1955, nationwide, about 1,275,000 children under age 18 were receiving monthly benefit payments under the social security law.

OF THESE, 120,000 were being paid monthly dependent's benefits because of the retirement of an aged parent; the others were receiving survivors benefits as children of a deceased parent. Johnson pointed out that about four times as many orphaned children are receiving benefits under the old-age and survivors insurance program as are being helped under the Federal-State program for aid to dependent children. Nationwide, almost 300,000 mothers of children under age 18 were receiving monthly survivors insurance benefits under social security at the end of 1955.

As a further illustration of the protection federal survivors insurance now provides for the young people of the country, Johnson pointed out that the mothers and children in 9 out of 10 American families can receive monthly survivors insurance benefits, if death should take the family breadwinner. More than half of all young children in the Continental United States whose fathers have died were receiving social security benefits at the end of 1955.

In all, 7,011 people in Ulster county were getting \$365,242

each month in old-age and survivors insurance benefits at the end of 1955. This was an increase of 331/3 over the number of beneficiaries at the end of 1954.

Aged people accounted for the greatest number in the county's increased beneficiary total, he said. In Ulster county at the end of last year, 4,355 retired workers were getting \$262,535 monthly; 1,177 wives and dependent husbands were receiving \$38,412 monthly; 618 aged widows, widowers, and parents were receiving \$29,137 monthly as survivors of deceased insured workers.

"With the bringing in of many groups of employed and self-employed persons previously excluded, the old-age and survivors insurance program achieved almost universal coverage at the beginning of 1955," Johnson said. He pointed out that an estimated 68 million persons had taxable earnings under the program in calendar year 1955. Some 70 million workers were insured as the year came to an end. Of this number, 32 million are permanently insured and can qualify for old-age benefits at age 65, regardless of future employment; likewise, in the event of death, their survivors can qualify for monthly benefits, lump sum death payments or both.

When a worker retires or dies, he or his survivors are urged to visit, phone or write the Kingston, N. Y. social security office for assistance in making claims for benefits. "In fact," Johnson said, "the social security office should be contacted (1) when a worker reaches age 65, regardless of retirement (2) when he reaches age 72, regardless of earnings, (3) when an insured member in a family dies, and (4) when a worker becomes totally disabled for any gainful employment or self-employment." The Kingston, N. Y. District Office is located in the Central Post Office Building on Broadway and serves all of Ulster and Sullivan counties.

Troopers Are Probing Death of Sergeant

Rensselaer, June 15 (AP) — State police today investigated the death of an army sergeant who was reported to have stood up in outboard motorboat, told two companions "this is the end of the line" and jumped to his death.

Troopers dragged for the body of M/Sgt. Joseph Schevack, about 38, who was riding in his boat on nearby Burden

Lake with Sgt. and Mrs. Charles Wilson. Wilson is assigned to the military police in Albany.

Schevack, stationed with the criminal investigating division at Ft. Jay, was living in a trailer camp in neighboring Schodack Center.

The Wilsons said Schevack, who could not swim, jumped from the boat when it was about 350 yards from shore, and yelled for help after he went in.

Wilson jumped after him but Schevack pushed him away during a struggle, went under once and sank, troopers said.

35,000 Children Will Get Fluorine Doses

Lansing, June 15 (AP) — The State Health Department said today fluoride applications to prevent tooth decay will be given some 35,000 Michigan children this summer.

The treatments will be administered in 160 centers by 54 University of Michigan dental students.

Dr. Fred Wertheimer, director of public health dentistry, said the treatments can cut tooth decay about 40 per cent.

The program is financed by a nominal fee paid by parents of participating children.

The program, now in its seventh year, will be carried out in 41 counties.

Urge Aspirin Tops

Saranac Lake, N. Y., June 15 (AP) — New York druggists have urged aspirin manufacturers to use pressure caps and other safety devices on bottles in an effort to stop accidents with

children. The resolution was adopted by the Pharmaceutical Society of the State of New York at its 78th annual convention yesterday. Alphonse Chimera of Buffalo was elected president of the group, succeeding Calvin Berger of New York city. In another resolution, the society changed its name from the New York State Pharmaceutical Assn. to the Pharmaceutical Society of the State of New York.

Ruffing Tricks
Set Declarer

By OSWALD JACOBY
Written for NEA Service

When you have four trumps as a defender, you usually try to make declarer ruff some side suit. The idea is to use up declarer's trumps in the hope that you will wind up with more trumps than he has. The principle is illustrated in today's hand.

West opened the jack of hearts, and South won with the queen. South led the queen of spades, and East won with the king. East now had to make a key play.

East could be pretty sure that he needed a club trick to have any chance to defeat the contract. The best shot was to play South for a singleton small club with pretty solid holdings in the other suits.

East therefore decided to make declarer ruff clubs. For this purpose he began by leading the king of clubs rather than a low club.

When this card held, East led a low club, forcing South to ruff. Declarer next led the jack of

spades, forcing out East's ace. East could now lead a third club, forcing South to ruff again.

At this point South had only one trump, while East had two trumps. East was therefore sure to make another trump trick, defeating the contract.

East would not have defeated the contract if he had begun the clubs by leading a low card in that suit. West would win with the ace and would return a club. Dummy would play the jack, and East's king would make South ruff. Dummy's queen of clubs would then control the suit, and the defenders would be unable to make South ruff a second time.

Dies Aboard Plane

Kansas City, June 15 (AP)—A Jackson Heights, N. Y., man died on a Kansas City-Chicago Braniff airliner a few minutes after it took off from Municipal Airport here yesterday. G. W. Winston, North Kansas City police chief, said Joseph Jack Puder, 48, apparently died of a heart attack. The plane returned to Kansas City and the body was taken off. The aircraft then went on to Chicago.

WALLKILL NEWS

Women's Club Hears New Slate of Officers

Wallkill, June 14—Wallkill Women's Club held its last meeting until fall Friday at the home of Mrs. Walter Wallack. The meeting and garden party was attended by 35 members and a guest. The yearly reports of the committees were given by the chairmen.

A resolution on the death of Mrs. Harold Butler was recorded in the minutes and a copy sent to her family.

Mrs. Charles E. Penney of the nominating committee presented the following slate of officers for 1956-1957: President, Mrs. John E. Sloan, (4th term); first vice-president, Mrs. Ira Wickner; second vice-president, Mrs. Jacob Kobelt; recording secretary, Mrs. Walter Wallack; corresponding secretary, Mrs. Michael Belden; treasurer, Mrs. William Tompkins. Directors were Mrs. Jesse McHugh and Mrs. Oscar Smith.

A general discussion brought out many ideas and suggestions for future programs and also for more evening meetings. Each member was asked to try and get a new member for the club.

Tea was served by the hostess Mrs. Wallack, with Mrs. Ira Wickner, pouring.

Picnic Scheduled

Wallkill, June 14—The final meeting of Wallkill Home Extension Service will be held Tuesday. This will be a picnic and outing held at Algonquin Park, Newburgh. Transportation will be provided for those who do not drive if they are there at 11:15 a. m. All cars providing transportation will leave from the Valley National Bank parking lot in Wallkill promptly at 11:30 a. m.

Food Sale Planned

Wallkill, June 14—The Rosary and Altar Society of St. Benedict's Church of Wallkill will hold a regular meeting Tuesday at the community room of the Valley National Bank at 8 p. m.

Among other business final plans will be made for the food sale to be held Friday at Edsall's Drug Store in Wallkill beginning at 10 a. m. Mrs. Pat Higgins is chairman of the food sale.

Court of Awards Set By Girl Scout Group

Wallkill, June 14—The Wallkill Girl Scouts will hold their annual Court of Awards, Friday, 7 p. m. at Camp Wendy. In case of rain the event will be held at Wallkill Central School.

Games will be played after the awards are presented. At this time, the two camperships donated by the Wallkill Girl Scouts Association will be announced.

All parents and friends of Girl Scouts and Brownies are urged to attend.

Town Notes

Wallkill, June 14—Mr. and Mrs. Edward Wood, Jr., the former Ruth Meyers of Wallkill, daughter of Mr. and Mrs. L. W. Myers, became the parents of a son, Thomas Luther, born June 11 at St. Francis Hospital, Poughkeepsie.

Mr. and Mrs. Warren Nissen and children, Carole and Rickey of Ballaica, Mass., recently spent a week at the home of her parents, Mr. and Mrs. L. W. Meyers. Mrs. Nissen is the former Bonnie Meyers.

Mrs. George Foster is visiting relatives in New York city and Bronx this week.

Gerald Headlam has returned home after his semester at college at Cortland for the summer vacation with his mother, Mrs. Harry Headlam.

On Sunday Robert Baumer, son of Mr. and Mrs. William Baumer of Kingston, and grandson of Mr. and Mrs. Harold Daley, Sr., of Wallkill, and Mr. and Mrs. Jacob Baumer of Wallkill, was graduated from Cortland College with a BS degree. He will major next year in physical education.

Those attending the exercises, besides his parents and grandparents mentioned above, were Mr. and Mrs. William Schreiber of New Paltz.

Mrs. Neil Campbell of Antrim, Ireland recently spent a week with her niece, Mrs. William Crans and family. Mrs. John McKechnie of Brooklyn was also a visitor at the Crans home at this time.

Italy Turns Down Soviet Arms Plan

Rome, June 15 (AP)—Italy today diplomatically rejected the Soviet Union's latest disarmament proposals.

After a cabinet consultation on a recent personal letter to Premier Antonio Segni from Soviet Premier Nikolai Bulganin, a spokesman announced: "THE ITALIAN government will do its utmost to favor, inside the United Nations Organization, the reaching of a general agreement on the reduction and international control of armaments."

The Bulganin proposal was presented in separate letters to the heads of government in Britain, the United States, France and Italy. It called for unilateral disarmament by each nation outside the UN and without international controls.

Observers believe the Italian government's statement today internationally was phrased to avoid offense to the Kremlin. Italy, a recent UN member, is eager for election to the Security Council and does not want to provoke opposition.

THE CABINET statement said Bulganin's letter had been examined and "all ministers had agreed in reaffirming the constant desire of our country to bring a contribution to the realization of disarmament, which is the most sincere aim of mankind."

Then the statement added Italy's views that disarmament should be reached inside the UN and protected by international controls.

St. James Youth To Offer Minstrel Show on Saturday

"The Darktown Jubilee Minstrel" will be presented by the Youth Fellowship of St. James Methodist Church, Fair and Pearl streets, Saturday at 8 p. m. in the Sunday school room. The minstrel, written and directed by Robert Thorne, was produced by the Ashokan Methodist Church, and has played to three enthusiastic audiences in Ashokan. It has all the fun and variety that make the minstrel an American favorite: Mr. Interlocutor, end men, soloists, a quartet, an instrumental ensemble, dramatic readings, a magic act, and the chorus.

Brian Finger of Kingston will act in the dual role of Mr. Interlocutor and the magician of the evening. End men will be Billie Gray, Olive Gulnac, Charles Sickler, Charles Rex, Ernie Bode, Bob Adsit, Bob Burger, and Billy Jackson. Soloists will be Mrs. Robert Pixley and Sandra Buehring of Kingston, Elsie Secor, Billie Gray, Ida Blume, Martin Kelly, Ernie Bode and Tom Demmel.

Proceeds from the minstrel will be used toward the purchase of an organ for the Ashokan church, and in the youth program of St. James Church.

Lillian Buley Weds Paul W. Maggioro; Couple Plan Wedding Trip to Canada

Miss Lillian Lorraine Buley, daughter of Mr. and Mrs. Edward Buley of South Broadway, Port Ewen, was wed in a double ring ceremony to Paul William Maggioro, son of Mr. and Mrs. Vincent Maggioro Sr., RFD 4, Sunday, June 10, at 2 p. m. in St. Joseph's Church. The Rev. Alfred Glancy officiated.

For her wedding, Miss Buley wore a gown of rose point lace posed over a fitted bodice, long tapered sleeves and a modified sweetheart neckline. Her bouffant skirt featured "V" shaped panels of lace and it swept back into a chapel length train. Her French illusion fingertip veil was attached to a Princess crown of starched lace trimmed with seed pearls. The bride carried a cascade of white roses and stephanotis.

Sister of the bride, Mrs. Marie Heins of Port Ewen was the matron of honor. She wore a gown of embossed nylon in sheer white over sunny yellow styled in Empire fashion with a square neckline, draped cummerbund and back bow. Her very full skirt swept back into a brush train and she wore a matching net picture hat. Mrs. Heins carried a cascade bouquet of blue carnations.

Attendants included Mrs. Rose Amato, Mrs. Gilda Bach

gioro, niece of the bridegroom, were the flower girls. They wore gowns of maize nylon net styled with fitted bodices, round necklines and bouffant floor length skirts banded with satin ribbon. They also wore matching sweetheart bonnets and carried princess baskets of pink and white snapdragons.

Best man for his brother was Robert Maggioro. Serving as ushers were Anthony Maggioro and Albert Maggioro, brothers of the bridegroom, and William Stokes and Alfred Port.

Child ringbearer was Joseph Amato, nephew of the bridegroom.

Following the wedding ceremony, a reception was held at the Flamingo for approximately 200 guests.

When Mr. and Mrs. Maggioro return from a wedding trip to Canada, they will reside in Kingston.

The bridegroom is employed by IBM in Poughkeepsie.

A FORGOTTEN WEDDING PRESENT

A recent bride asks this question: "Would it be proper to remind a friend of a present she had promised to send me and never did? The situation is this: Shortly before I was married, a friend told me that she was going to give me a small radio for a wedding present, and of course I have held off buying one. However, I have been married two months now and no sign of the radio. I really would like one very much and before going out to buy one I wondered if there was anything I could do to remind her of this promised gift."

If she is a very intimate friend of yours and can easily afford to buy the radio, you may ask her if she is going to give it to you. Otherwise, there is nothing you can do about it.

No Place for Introduction

Dear Mrs. Post: When dining with a group of friends in a restaurant and a friend of the hostess, who is unknown to the others at the table, stops to speak to her, is it improper not to introduce her to the others at the table? This happened to me recently and I did not introduce this friend to the others and I was later criticized for not doing so. Will you please tell me if I was wrong?

Answer: She should not have stopped at your table when you were having guests unknown to her. And you were right in not interrupting your guests' dinner by presenting her.

Signing Checks

Dear Mrs. Post: Will you please tell me the proper way for a married woman to sign a check? I have always signed my checks Mary J. Brown. However, many of the young wives around here sign for example Mrs. Helen Green. I would very much like to know what is the correct form.

Answer: You are correct. Your "signature" is Mary J. Brown.

Invitation forms to a large wedding, a simple wedding or a country wedding, and to the reception are included in Mrs. Post's leaflet E-10, "Wedding Invitations and Announcements." Mrs. Post is sorry she cannot answer personal mail. To obtain a copy, send 10 cents in coin to Dept. EP, in care of The Kingston Daily Freeman, P. O. Box 99, Station G, New York 19, N. Y.

Marilyn Benedict of Cobleskill Is Wed To Edwin F. von Borstel, Jr., of Bronx

Miss Marilyn Anne Benedict of Cobleskill became the bride of Edwin F. von Borstel Jr., of the Bronx in a ceremony performed by the Rev. Eugene B. Umberger at Zion Lutheran Church in Cobleskill at 4 p. m. Saturday, June 9.

The bride is the daughter of Mr. and Mrs. Earl G. Benedict of Cobleskill and the bridegroom is the son of Mr. and Mrs. Edwin von Borstel of the Bronx.

Miss Marilyn Schermerhorn of Albany was maid of honor and bridesmaids were Miss Cynthia Haver, daughter of Mr. and Mrs. N. LeVan Haver, 290 Pearl street, Miss Linda Monroe of Cuyler and the bride's sisters, the Misses Nancy and Jackie Benedict of Cobleskill.

Ernest von Borstel of the Bronx was best man for his brother, and ushers were John N. Hurdman of Scarsdale, Jerry Miller of Salem, Ohio, Robert M. Taylor of Nyack and George R. Wilkens of Brooklyn.

For her wedding the bride chose a floor-length gown of white nylon net and chantilly lace over taffeta, designed with portrait neckline, short sleeves, and lace mitts. Her fingertip veil was attached to a cap of seed pearls, and she carried a bouquet of white roses, sweet peas and baby's breath.

She was given in marriage by her father. The maid of honor wore a waltz length gown of pastel pink nylon and lace with matching velvet cap and small veil. The bridesmaids wore gowns of identical design in mint green with matching velvet caps and veils and all the attendants carried old fashioned bouquets of mixed flowers.

Hyde Park Playhouse Will Open Monday, Neil Hamilton Star

The Hyde Park Playhouse will open its third season of summer theater on Monday, June 18, with moving picture, Broadway and television star, Neil Hamilton, in lead role of Leslie Steven's popular comedy, "The Champagne Complex". Mr. Hamilton's recent Broadway assignments were in "The Solid Gold Cadillac", "State of the Union" and "Late Love".

Over his lengthy theatrical career he has appeared in over four hundred films and his credits are a veritable "who's who" of Hollywood.

Mr. Hamilton will also appear in the lead role "Bell, Book and Candle" which runs the week following "The Champagne Complex." Opposite Mr. Hamilton will be Carol Gustafson, known by many Hyde Park playgoers, who understudied Lili Palmer for the full run of the Broadway production of this same play.

Other names which will be familiar to Dutchess county residents who have enjoyed summer theatre at Hyde Park are John Conwell and Jocelyn Brando, who will make several appearances this summer at the Playhouse.

Under the management of George Quick, the Playhouse will present a twelve week season directed by Wynn Handman, stage manager by Carolyn Jenkins, with sets designed by Jock Gaynor.

Evening performances are at 8:30 and Saturday matinees begin at 2:30.

Kerhonkson School To Hold Graduation Exercises June 25

The Kerhonkson Union Free School will hold its 30th Commencement as a credited Secondary School of New York Monday, June 25 at 8 p. m. in the Kerhonkson High School auditorium.

Dr. Robert L. Jenks, minister of First Methodist Church of Millville, N. J., will deliver the main address entitled "The Halls of Heroes." Dr. Jenks holds degrees from Asbury College, Temple University and American College and has experience on the lecture platform.

On Sunday, June 24, the 30th Baccalaureate Services will be held in the Kerhonkson High School auditorium at 8 p. m. The Rev. Paul Babitsch, Kerhonkson will be the officiating minister. The Rev. Mr. Babitsch will read the scripture and deliver the sermon. The Rev. George Wood, Accord, will offer the prayer and Rabbi Sidney Weisberger will give the invocation and benediction.

In view of the large seating capacity of the Kerhonkson High School auditorium, both the Baccalaureate and Commencement Exercises will be opened to the public and all area residents are invited to be present. Certain reserved sections, however, will be set aside for the graduating class, their parents, board of education, members of the teaching staff and guests.

Forty Five Players Will Compete in Herdegen Memorial

Tourney Opens Saturday at The Twaalfskill Hughes Favored To Cop 3rd Crown

Forty-five of Ulster County's finest amateur golfers will tee off in the opening round of the sixth annual Father Herdegen Memorial golf tournament Saturday at The Twaalfskill Club.

Two time champion, George Hughes, of the host club, is favored to annex his third title. Defending champion Bill Van Aken is not expected to compete, because of a change in working hours at the IBM plant.

THE SHOOTING starts at 10 a. m., except for a special three-man squad at 9 o'clock.

The Sunday round also starting at 10 a. m. is scheduled at the Shawangunk Country Club in Ellenville.

The low 24 players and ties will qualify for the final 36 holes. Third round is scheduled Saturday, June 23, at the Woodstock Country Club.

In case of a tie for first or tenth places, a sudden death playoff will be held.

With Van Aken out of contention, Hughes' strongest opposition is expected to come from Alvin Boice, who will be seeking his first title.

Bill Waterous, another of Woodstock's top prospects, will not compete.

THERE ARE several other threats, including Jimmy Turk, Bob Daley, former champion "Dubby" Raichle, Ronnie Marks, John Burch, Herbie Waterous, Harold Dungey, who has been scoring in the Woodstock layout with sub-par rounds.

Players finishing from second through tenth places will receive merchandise prizes. The pairings for the first two rounds:

Grays Hurler Gives 16 Hits But Wins, 6-5

(By The Associated Press)

Jim Grant of the Reading Indians was pounded for 16 hits by the Williamsport Grays last night, while three Gray pitchers gave up only seven hits between them.

But Grant was the winner. Williamsport hit safely at least once in each inning of the 6-4 Eastern League game at Reading. And every member of the squad except the pitchers had a safety. But Reading got three double plays and 12 runners were left stranded.

In the next inning the Dodgers descended on George Tomson for a seven-run rally to win the game, 13 to 5, for their first win of the season.

LEN BOVIE and Wayne Elmdorf combined for a 4-hitter, while the Dodgers raked Tomson for 14 hits.

Tom Cioni and Wayne Elmdorf hit a double and single and Thomas added a singleton to his homer for the Dodgers.

Don Van Keuren tripled and Frank Fay cracked a homer for the Yankees.

Rosburgh First Round Leader; Penalty Costs Ford 2 Strokes

Rochester, June 15 (AP)—Golf must be played according to the rules—but rules may be interpreted.

That stand by the U. S. Golf Assn., taken on no fewer than four occasions, resulted in probably the most hectic opening day in the history of the U. S. Open golf championship.

Going into today's second 18-hole round at the picturesque Oak Hill Country Club the question was not so much who is leading the tournament but who's in it?

The leader was Bob Rosburgh, a rotund, bespectacled Stanford University graduate who looks about as much like a pro golfer as your maiden aunt. Rosburgh, a terrific putter when he's hot, fired an early round of 34-34—68, two under par, and saw it stand up all day.

Next at even par 70 came usually lenient attitude of the USGA officials let them off easily. Burke and Ford drew two-stroke penalties and Cotton none.

Cotton, three-times British Open champion, was charged with scoring a five for himself on the 17th hole when he actually took a six. After hitting one out of a trap, he was left with a short putt. He reached out to knock it in with the pack of his putter and some observers thought he had hit the ball

twice. Cotton said it was only once. USGA officials, who refused to say who had reported the incident, decided after a lengthy meeting to accept the word of Cotton and his scorer and there was no penalty. Later it was learned Cotton's playing partners, Middlecoff and Jimmy Demaret, had called the stroke.

A FEW MINUTES later Burke came in and almost tearfully admitted he had signed an incorrect card, which normally

calls for disqualification. He had taken a bogey five on the 18th hole and his marker put down a four. Jackie, tired and uncomfortable, in the 90-degree heat, didn't check it.

Later, when he learned a 75 instead of a 76 had been posted for him, Burke made the correction himself. Since he freely admitted the mistake was his, the committee decided to invoke a rule which permits modification of the disqualification penalty—something that never before had been done in the case of a score-card error.

The 78 resulting from the penalty left Burke in a precarious position approaching the cut-down point. After today's round only the 50 low-scoring players and ties for 50th will continue in the final 36 holes tomorrow. It took a 75 to tie for 50th today, when scores soared unusually high.

FORD'S mistake may have been more costly. He dropped a new ball too quickly after seeing an iron shot splash into a creek at the 10th hole. Before he actually played it, the original ball was found on the far side of the water and Doug played out the hole with it.

Tuesday's Game

Dodgers vs. Braves at East
Kingston.

The Giants moved into a
three-way tie for second place

in the Glasco-East Kingston
Little League last night by
downing the Yanks, 9-4 at
Glasco.

The victory hiked the Giants
record to 2-3 and deadlocked
them with the Yanks and Braves.
The Dodgers pace the loop with
four wins in five games.

James Davide had one bad
inning, the third, when the
Yanks scored all their runs to
take a 4-3 lead. He then settled
down and was in command the
rest of the way yielding just
five hits. He whiffed a gaudy
total of 13 and passed only two.

Loser Bob Gallo and Fred
Francello granted seven hits in-
cluding a two-bagger by Gene
Kitchart, the only extra base hit
of the game. Davide and Rich
Morelli shared hitting honors
with two safeties each.

Sharing some of the spotlight
with Davide was his batterymate
Mike Mayone who handled the

Giant hurler flawlessly.

Hart Belts 6th Homer In Rec Loop

Vince Hart cracked his sixth homer of the season and Mort Gazlay turned in a seven hitter to give Rapp's Express an 8-1 decision over S & C Lunch in the Recreation softball league.

In the second game of the night doubleheader at Dietz Stadium, the American Legion jolted Jake Sonor's swingers, 13 to 3, behind the six-hit pitching of Tom Rizzi.

HART's circuit clout was one of 12 Express safeties off Putzie Brown. Gazlay and Charlie Marable had a couple of doubles each and Perry rapped a double and two singles for S & C. Willie Cragan hit a triple.

The Legion erupted for 23 hits off Brown, including two doubles and two singles by Jack Gilligan. Bob Martin, Joe Fautz and Don Wolf had three hits each.

Racing Card At Rhinebeck

Once again the mighty Non-Ford Sportsmen are ready to take to the slick asphalt speedway at Rhinebeck Saturday night. Last week's races were the best yet at the up-county oval, with the main event a record breaker for speed and thrills.

Mose Van Benschoten, Poughkeepsie driver who completely demolished his car last week, is due back in action this Saturday with a new car. Bill Boo, Pawling ace, is now the point leader at Rhinebeck and is bent on holding his lead by driving with the same consistency. Tom McGrath of Pawling has shown terrific demonstrations of speed in every race but hard luck has been dogging him every week.

Joe Messina of Troy is probably the toughest competitor to be reckoned with, having already nabbed two features, and will be on tap Saturday night trying for his third win. Along with the aforementioned drivers will be Fred Searing of Durham, Bill Therion of Selkirk, Ray Demolin of Rhinebeck, Lou Godia of Waterbury, Conn., and a host of Sportsman Non-Ford drivers from all over the state.

Yesterday's Stars

PITCHING
Bob Grim, Yankees—won his fourth game without a defeat, striking out nine and allowing only one walk in a four-hitter that beat the White Sox 5-1.

HITTING:
Jackie Jensen and Dick Gernert, Red Sox—drove in seven runs between them to beat Indians 10-9; Jensen knocked in four with three-run homer and two singles, Gernert had three singles and a walk.

Berrios-Hamia Bout Tonight at Garden

New York, June 15 (AP)—The "little men" take over Madison Square Garden tonight with a featherweight battle between Cherif Hamia, the handsome Algerian import, and Miguel Berrios, of Puerto Rico.

Hamia is ranked No. 3 while Berrios is a recent prelim grad making his first Garden start as a main event.

Illinois Golfer Leads USGA Seniors

Rye, June 15 (AP)—Franklin G. Clement's 144 appeared safe today as the last half of the field of 360 completed play in the 52nd United States Seniors' Golf Association championship at the Apawamis Club today.

The 56-year old from Lake Forest, Ill., put together his 73-

71 Tuesday and Wednesday and the best the leaders could do yesterday was a 74. That score was turned in by James A. Ackerman, 59, of Princeton, N. J., Theodore S. Stacy, 55, of Birmingham, N. Y., and Thomas C. Robbins, former champion from Larchmont, N. Y.

The signature of the President of the United States makes a bill a law.

Petrillo In Again, Locals Ordered To Obey Rules

Atlantic City, N. J., June 15 (AP)—The American Federation of Musicians has wound up its convention here by again naming James C. Petrillo president and by amending constitution by-laws to discourage insurgents within the union.

Petrillo's election to his 17th term was a foregone conclusion since he had been nominated unanimously and was unopposed on the ballot.

THE ELECTION was held two days ago but results were announced officially yesterday. The by-laws change in the Federation's constitution, approved by the delegates, decrees that any local may be placed in trusteeship if it disobeys "a lawful order" of the convention, the union's executive board or the international president.

It also bars a local from withdrawing from the federation if as few as 15 members of the local object.

AT A SESSION Tuesday, the convention delegates, who considered the union's "supreme court," expelled Los Angeles Local 47's vice president, Cecil F. Read, for one year. Ten of Read's supporters from the 16,000-member local were expelled for one day.

Read was charged with "fostering dual unionism." He and his supporters were accused of conspiring to oust Local 47 president John E. Groen.

THE ISSUE behind the controversy concerned payments negotiated by the union for music on Hollywood films reissued for television broadcast.

Read said the money should go to the original performers. But Petrillo and the executive board ruled that the money should go toward the union's unemployment trust fund.

Another resolution approved by the delegates authorized a 40-cent annual increase in per capita tax on members effective Jan. 1, 1957. The tax would bring an additional \$100,000 a year into the federation's treasury.

Welfare Office Will Auction 4 Sites Next Week

Four parcels of property will be offered for sale at public auction next week by Commissioner of Public Welfare Edward E. Murray to settle accounts of persons who had been receiving Old Age Assistance. When Old Age Assistance is received by a recipient, assets including real property is turned over to the Welfare Department and later disposed of when the assistance is terminated, the money being received from sale of real property being credited against the assistance account of the recipient.

On June 20 at 10 a. m. the Nelson D., and Emma D. Gabriel property on High street, Napanoch, and the Earl P. West property on Wylie street, Napanoch, will be auctioned off at the premises.

On June 22 at 11 a. m. at West Hurley the Lillian Weninger home will be sold at auction and at the same time and hour the Emma Peck property at Pine Hill will be auctioned.

In many instances the sales are held at the property in the township where located, while in other instances a public auction is held at the court house in Kingston. At sales held at the premises where property of considerable value is to be disposed of there is frequently considerable local interest and spirited bidding ensues. An asset in excess of the welfare lien which may accrue from the sale is placed in the estate of the recipient and paid to heirs.

Bushnellville

Bushnellville, June 15 — The annual spring dance of the Bushnellville Chamber of Commerce will be held Saturday, June 30, at the Log Cabin. Tickets are available through all members or may be purchased at the door.

35 Held in Game Raid

New York, June 15 (AP)—Thirty-five men were arrested early today in a police raid on a "high-class" floating crap game on the third floor of a residential building at 46 West 53rd street, Manhattan. One of those arrested was charged with felonious assault on allegedly battling with a detective. The raid was staged by four detectives of Police Commissioner Stephen P. Kennedy's staff, under command of Asst. Chief Inspector John F. Walsh.

Trooper Lisman Places Sixth in Revolver Tourney

Cpl. Michael Lisman, of Port Ewen, assigned to the Margaretville BCI, placed sixth in the New York State Police Revolver Tournament as Troop C, Sidney, won the troop trophy at Bear Mountain yesterday.

HE COMPETED against the 30 best marksmen from the state's six troops in the afternoon competition. Cpl. Lisman will be a member of a division revolver team which will compete in future meets along the eastern seaboard.

Cpl. Lisman, recently assigned to Margaretville, was formerly stationed at the Highland and Lake Katrine barracks.

Troop C annexed the troop trophy which was won last year by Troop K, Hawthorne. The tournament was revived in 1955 after 20 years.

TEN TROOPERS from each of the state's six troops competed for the team trophy, which is retained on a one-year basis.

Presentation of the troop trophy to Capt. Carl A. Lawson of Troop C was made by Capt. John J. Lawson of Troop K. Superintendent Francis S. McGarvey attended the tournament and presentation ceremony.

Communist China announced Tuesday it again has demanded that U. S. Secretary of State Dulles meet with Chinese Premier-Foreign Minister Chou En-lai to negotiate settlement of the Formosa dispute. It said the latest request, made May 11, proposed that arrangements be completed within two months of that date.

THE UNITED STATES rejected the proposal and accused Communist China of refusing to make a "meaningful renunciation of force" in the Formosa issue. The State Department said it would continue to seek such a renunciation and also would go on pressing for the release of the 13 prisoners.

The two priests were arrested in Shanghai three years ago today. They were accused of espionage and revolutionary activities against the state but were not sentenced — to three-year terms — until last November.

Truck Leaves Road

A 1949 Chevrolet pick-up truck of George B. Briggs of Hyde Park left the Krum Elbow road shortly after midnight today, ran through a guard fence and into a swamp. The accident happened about a quarter mile east of Route 9G when the driver apparently lost control. The truck was carrying furniture at the time which was strewn over the roadway. State police from Rhinebeck investigated the accident and a summons was issued charging the driver with driving at a dangerous speed. There were no personal injuries.

Pokeepsie Burglary

The Bull Market at 723 Main street, Poughkeepsie, was burglarized some time last night, according to city police there. They said a safe containing \$1,200 was stolen. Entrance was made through the rear of the store, according to their report, which said there were no definite clues on which to proceed.

New GOP Chairman

Albany, N. Y., June 15 (AP)—Charles C. Curlette, a lawyer from suburban Voorheesville, was elected last night as Albany county Republican chairman, succeeding Walter H. Wer-time, who said he did not want to be reelected. Wer-time gave no reason for the decision but friends said he wanted to devote more time to his law practice.

Althea Wins 10th

Bristol, England, June 15 (AP)—New York's skyrocketing tennis ace, Althea Gibson, continued her triumphant European tour today, winning her 10th title this spring by defeating Daphne Seecy of Australia 6-2, 10-8 in the West of England Lawn Tennis championships. Earlier today, the tall, lanky 28-year-old had displayed her powerful tennis game in the mixed doubles matches. Teaming with Chile's

Ave Assures Adenauer

New York, June 15 (AP)—Gov. Averell Harriman has told West German Chancellor Konrad Adenauer that a Democratic administration in Washington would continue to support the North Atlantic Treaty Organization (NATO) and work for German unification. Harriman, a candidate for the Democratic presidential nomination, told newsmen he gave Adenauer the assurance during a visit the chancellor made at the governor's residence yesterday.
